

# Manual of Pediatric Hematology and Oncology

**LANZKOWSKY'S**  
**Manual of PEDIATRIC**  
**HEMATOLOGY AND ONCOLOGY**

Sixth Edition

"This manual is a most practical tool for students, residents, and physicians in the field of hematology and oncology. It should automatically be on the list of required study for trainees and on the shelves of practicing clinicians. Dr. Lanzkowsky's didactic approach, the product of over five decades of academic clinical practice, permeates the book, which is distinguished by its clarity and clinical relevance."

—Isaac Yaniv, MD, Associate Professor of Pediatrics, Tel Aviv University; Chairman, The Rina Zaizov Pediatric Hematology-Oncology Division, Schneider Children's Medical Center of Israel, Tel Aviv, Israel

"The Lanzkowsky Manual was the first book I bought when I started my fellowship and, to this day, I buy every new edition that comes out. It is my first choice 'go-to' for all subjects in pediatric hematology-oncology. The book is characterized by a clarity of style, packed with useful information, which is easily accessible."

—Nanan Onel, MD, PhD, Associate Professor of Pediatrics, Section of Hematology-Oncology, University of Chicago, Chicago, IL, USA

"Lanzkowsky's Manual of Pediatric Hematology and Oncology has deservedly earned a worldwide reputation as the standard authoritative text on the subject. It is an essential practical companion for clinicians in the field of pediatric hematology and oncology."

—Victor Dubowitz, MB, ChB, MD, PhD, FRCP, FRCPH, Emeritus Professor of Pediatrics, University of London, London, UK

"The Lanzkowsky Manual was the first manual I consulted when I was a resident interested in pediatric hematology and oncology; I loved its comprehensive and yet clear approach to so many topics. The manual has kept its unique place on my shelf over the years and the many editions since it was first published. I continue to consult it often for its practical guidance, and it remains a book of reference for me."

—Carlos Rodriguez-Galindo, MD, Professor of Pediatrics, Harvard Medical School; Director Solid Tumor Program and Medical Director, Pediatric Oncology Clinical Trials, Dana-Farber Cancer Institute, Boston, MA, USA

"The Manual is a highly valuable resource providing the most up-to-date information in an accessible form focusing on practical clinical information. It is a "must consult" book for all clinicians in the field. This edition has been enhanced by 51 highly regarded contributing authors who are leaders in their respective fields."

—Karel Pal MD, Past President, American Society of Hematology; Professor of Medicine and Professor of Molecular Medicine, Hofstra Northwell School of Medicine, Hempstead, NY, USA

"I have been using Lanzkowsky's Manual of Pediatric Hematology Oncology since it was first published in 1980. The Manual is a very valuable ready reference, written in a didactic way, filled with excellent algorithms and up-to-date treatment regimens, which are extremely useful to the clinician. I highly recommend it to all students and practitioners of pediatric hematology and oncology as an essential reference book."

—Cyril Karabus, MB, ChB, MMed Paed (UCT), DCH, FRCP (London), FRCP (Edin), Emeritus Associate Professor of Pediatrics, University of Cape Town, Cape Town, South Africa
